MR. SALTER

We worked directly together for about three months on a resort in Kiev, Ukraine and I greatly appreciated his attention to architectural detail, style and composition. Darren is a gifted designer with an especially in depth background in high end residential planning and design, and too, he is a skilled artisan with his hand drawings, an art much lost with the younger designers.

Too, Darren is a real joy to work with. He is highly responsible, articulate and very conversant, and is very spirited and stimulating to work with. In fact, Darren got me back into doing detailed research into what makes for great design, with one of the studies, as an example, being into Robert Stern's work.

I feel any firm will be blessed with Darren being on their architectural staff. - Regards, William G. Salter

MR. BOOLE

“ Darren has a natural ability that allows him to evaluate challenging situations as they occur and manage those involved for a positive and mutually beneficial outcome. Its a pleasure to work with someone who has a clear and decisive point of view and always works to find a successful conclusion.

Darren Boole, CCIM

MRS. DAVIDSON

“ Darren is extremely talented and can produce a great product. His creativity and attention to detail really shows in the finish product. Darren can lead a team into great success. As a team leader he can guide and mentor his team into the result necessary to achieve great design and make the client happy. Darren is a great asset to any company and/or project, I only hope to work with him again soon in the near future.

MRS. TURNER

“ I worked with Darren at Woodward and he is a highly intelligent person with a strong sense of dedication to his job and profession. He has an easy going workplace persona and it was pleasant working with him. He would be an asset to any organization who needs a personable professional in both design and management areas.

 Feb 8, 2011, Kathleen worked with Darren in the same group

MRS. HUSEMAN

“ The last 2 years, Darren worked with me in my capacity as DC of the Louisiana District Council of ULI in the areas of membership/sponsorship and programming. His methodical thought process to simplify the options in membership and sponsorship were useful and beneficial. He also came up with ideas of classifying programs so that our members can see if the subject matter is relevant to their specialty. He has been working on expanding our membership thru out Louisiana and is always willing to work as a team member.

Andrea Arons Huseman, CCIM, ULI, CREW
