

## REDARE FAMILY OFFICE.

### Key Job Responsibilities

M&A advisors engage in a range of tasks, which include:

- **Client Prospecting:** Actively seek and develop new client relationships.
- **Financial Analysis:** Conduct financial and valuation analyses to inform strategies.
- **Educational Efforts:** Educate both buyers and sellers about the M&A process.
- **Documentation:** Write detailed offering memorandums and maintain confidential records.
- **Presentation:** Create and deliver presentations to stakeholders.
- **Relationship Management:** Build strong relationships with clients and other professionals involved in transactions.
- **Due Diligence:** Manage the due diligence process, ensuring all aspects are thoroughly vetted.

---

## Required Skills and Qualities

### Qualities

- **Creativity:** Think outside the box while grasping market trends.
- **Leadership:** Capable of managing and guiding team members, including principals in diplomatic ways.
- **Efficiency:** Resourceful in problem-solving and executing tasks.

### Core Abilities

- **Plan Creation:** Develop clean, compliant plans suitable for plan checks.
- **Research Skills:** Conduct accurate city-specific research to meet requirements.
- **Detail Orientation:** Incorporate correction notes and manage necessary professionals/engineers involved in projects.

### Additional Info:

- **Compensation:** M&A brokers earn fees upon the sale of businesses, which typically takes about nine months.
- **Experience Requirements:** Prior M&A brokerage experience is not mandatory, but applicants should have owned a company or held P&L responsibilities.
- **Education:** A business degree is required, with an MBA being preferred.
- **Licensing:** M&A advisors must possess a license. Advise us of yours

**Required Question:** What role within the Family Office would be your stronger role or vision?
